# COMPANY PROFILE

Qatar Swedish company was established in 2005 and has since grown in both experience and excellent reputation in the region. Our company has completed various projects and expanded its field in the HVAC world. From towers with flat apartments to palaces and events, Qatar Swedish has received the outmost respect in the quality of work that has been executed. Our reputation has grown immensely due to our dedication in performing the work with outmost quality and consideration. Accessories and detail in our work has received many great feedback as per design and longevity. Thanks to our dedication to thrive in our field, we have expanded our company by fabricating our own ducting to ensure installation of top quality material, welcoming brands into our company as sole agents and starting business in spare parts. Our aim was to introduce the Swedish teachings in HVAC into the middle eastern region and has succeeded in both results and development. The owner and general manager has significantly approved experience in A/C and duct fabrication from Sweden and a successful degree in previous training and examination. These teachings have been passed through to the team which is now a trained and skilled team that we are proud of.

Qatar Swedish has received the approval in safety for ventilation using fire rated equipment by the Qatar Civil Defense and high appreciation and endorsement by Mitsubishi Electric of Qatar which has been expressed by their team and the appreciation letter sent to us.

## RANGE OF SERVICES

- Maintenance
- Unit Services
- Supply and Installation
- Spare Parts
- Duct Fabrication
- Third Party Inspection
- Temporary Event Services
- A/C Unit Rental

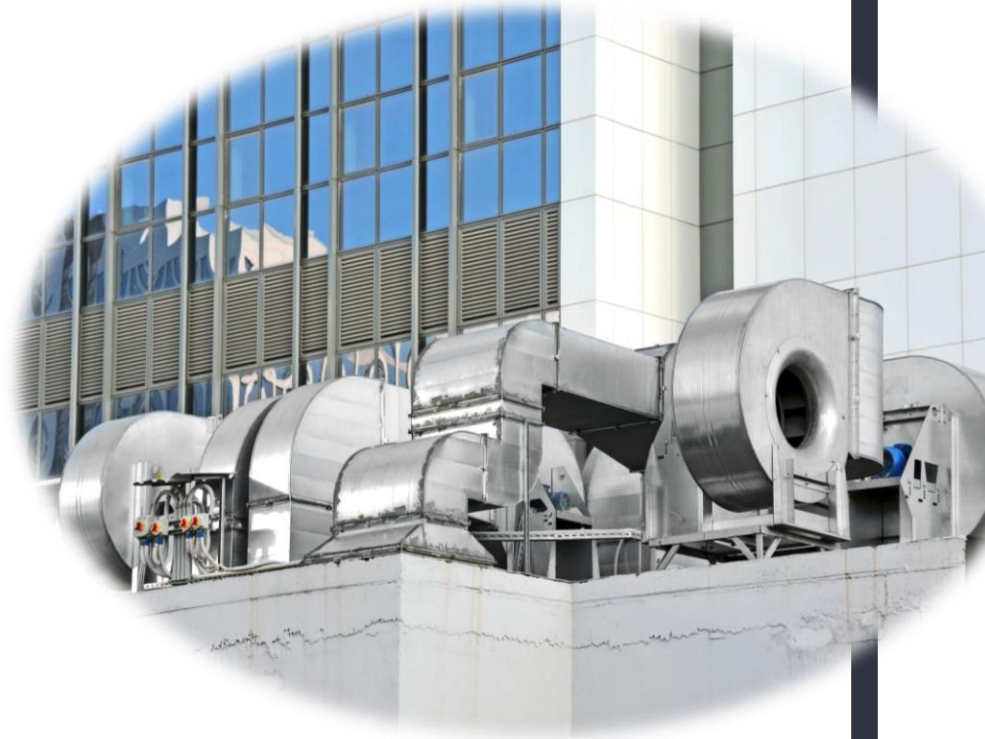

## AIR CONDITIONING

Qatar Swedish Trading & Services was formed to attend the construction revolution especially in the field of air-conditioners. We import, supply, install and maintain a wide range of air conditioning products including wall-split units, window units, floor-standing, ceiling cassette, ducted split type, air-cooled chillers, water-cooled chillers, fan coil type units, packaged units and the modular type units. We have a wide range of main spare parts for many brands of air-conditioners to provide best and quick services for our clients.

We have made it our primary corporate objective to respond to the needs of our clients as well as the impact of economic and industry trends by staying at the leading edge of technology.

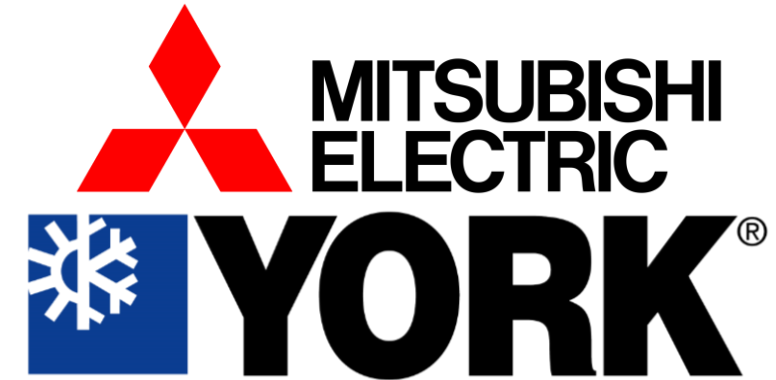

## EXPERIENCED IN HVAC

- At Qatar Swedish, we offer full assessment and maintenance of your ductwork systems. Our business is based upon 12 years industry experienced. We specialize in ductwork cleaning and remediation projects, ventilation hygiene surveys, thorough inspection and testing of local exhaust ventilation systems (LEV) and air conditioning energy assessments (EPBD).

## EXPERIENCE IN HVAC BRANDS

- Mitsubishi
- AIRREX
- Frego
- CALECTRO
- York
- Carrier
- Toshiba
- Trane
